PROJECTS

CarePlus Hospital Website

HTML · CSS · JavaScript

- Designed and developed a modern, fully responsive hospital website
- Implemented an appointment booking form with real-time email delivery
- Built a mobile-friendly UI with smooth navigation and professional aesthetics

Personal Portfolio Website

Next.js · Tailwind CSS · JavaScript

- Designed and developed a modern, responsive developer portfolio
- Implemented smooth scroll animations and a fully mobile-friendly layout
- Showcases projects, technical skills, experience, and contact information

Nova — SaaS Landing Page

HTML · CSS · JavaScript · Canvas API

- Built a full-featured SaaS landing page with pricing, testimonials, and FAQ sections
- Implemented a 3D animated mesh orb using the vanilla JavaScript Canvas API
- Integrated sign-in and account creation flows with localStorage session management
